

Requirements

- Works must be primarily composed of glass.
- No limitations are placed on genre or function of submitted works.
- Only works created since 2021 are eligible.
- Works that have already been submitted to other competitions will not be accepted.
- Number of works: Each applicant (individual or group) may submit up to two works.
- The applicant must own the works submitted and the copyright to them.
- Works may not infringe third party intellectual property rights and/or copyrights. The applicant must acquire permission from the intellectual property right holder(s) to use a logo, symbol, work of art, film, photograph, video, program, music, etc., in the work in question prior to submission. If a third party should claim infringement of the right and/or compensation, addressing it is the sole responsibility of the applicant. The organizers of this exhibition will not be liable.
- Size of work: The total of the width, depth and height of the work(s) must not exceed 240 centimeters.
- For an installation, the floor area occupied by the work (including special fixtures, equipment, etc.) must be less than 9㎡. The height should be less than 3.3 meters.
- Weight of works: Total weight must be less than 100 kilograms (220 pounds).
- If the installation of the work requires special fixtures or equipment (lighting, projector, monitor, transformer, etc.), they must be already attached to or included in the work.
- Video works are limited to those in which glass plays the major role or performance pieces using glass. The length of the video must be no longer than five minutes.
- The work must not include animals, plants, fire or dangerous materials that have a risk of soiling or damaging the museum's facilities or causing harm to others.
- Violations of public order and morals are not permitted.
